HEAVY TRAFFIC TUESDAY NETS 4 ACCIDENTS

State police were busy Tuesday with traffic heavy and four accidents occurring to which the officers were called.

Jack R. Redden, 20, of Aspers, where he is staying with a brother, and Virginia, was placed in jail late Tuesday when he was unable to pay fines of \$25 each and costs on charges of reckless driving and failing to stop at the scene of an accident.

State police, bringing the charges before Justice of the Peace John Whitman, alleged that Redden was driving south on the Biglerville Rd. three miles north of here at 2:10 o'clock Tuesday afternoon when his car left the highway and broke off mail boxes at the homes of Deputy Sheriff James Warren, Richard Keefe, Jack Settle and Mrs. Earl Harmon, all of Gettysburg R. 6. Police claim that after hitting the mail boxes Redden continued on without stopping.

CAR ROLLS OVER

Howard R. Flesman, 22, York Springs R. 1, suffered lacerations of the head and shoulder and bruises of the back when he lost control of his car on the Heidlersburg-East Berlin Rd., near Heidlersburg, at 4 o'clock Tuesday afternoon. His car rolled over after leaving the highway. He was removed from the scene to the Warner Hospital in the York Springs firemen's ambulance. The car was demolished, with the damage estimated at \$200.

Damage totaled \$350 when two cars collided three miles south of here on the Emmitsburg Rd. at 9 o'clock Tuesday night.

Police said John Sponseller, 45, Gettysburg R. 2, had stopped his northbound car on the Emmitsburg Rd. preparatory to making a left turn. At that moment his car was struck in the rear by a southbound coupe driven by Julius C. Brown, 43, of the Army Barracks at Carlisle. Damage was estimated at \$250 to the soldier's car and \$100 to Sponseller's vehicle.

BOY HIT BY CAR

Harold Cochran, 14, Hasover R. 5, suffered bruise burns of the body and bruise of the right side and of the head when struck by a car at 10:15 o'clock Tuesday morning 1½ miles south of Abbotstown on Route 194. He was removed to the Hanover Hospital ambulance.

State police said the youth ran across the road from west to east in the path of a northbound car driven by Nadine Z. Ecker, 26, Hanover R. 5, and was struck by the car.

MYERS GROUP SEES NAPLES, LIKES ATHENS

The observations of Dr. Jacob M. Myers, 141 Seminary Ave., on his European tour are continued by The Times. Today's comments were mailed from Athens, Greece, on June 30.

Prior to flying to Athens on June 28, Dr. Myers and his party had a one-day excursion to Naples by bus. They journeyed through attractive country where they saw orange trees loaded with fruit in Formia, flower gardens, and fields of wheat and oats. They passed through Putzuoli, the Forum of Appius, where St. Paul first set foot on Italian soil.

Naples was a beautiful sight. Dr. Myers saw hills upon hills and row after row of new apartment houses with their verandas of flowers. In the American section, people have small gardens where they grow vegetables and flowers. The traffic is much worse than Gettysburg's; it is even worse than New York with cars from every direction trying to go through the intersection at the same time. There are whole strings of busses filled with people going to and from work.

ATHENS MORE ORDERLY

In Athens, Dr. Myers found things slower and more orderly. Street crossings are easier to negotiate because of the red lights and the ban on jay-walking. The people are smiling, courteous and helpful in every way. Stores are clean and have an abundance of goods of all kinds.

At the museum, Dr. Myers was struck by the strong Oriental influence and the way in which the Greeks refined what they borrowed and filled it with their incomparable spirit of life and beauty. The group visited the temple of Zeus in the downtown section of the city and the Acropolis, with the great temple of Athena called the Parthenon. He saw also the market place where the American School of Archaeology has reconstructed a portion of the Agona and made it into a museum. Nearby was Mars Hill where St. Paul made his famous speech to the Areopagus and converted at least one judge.

Looking ahead, Dr. Myers was scheduled to visit Corinth, the scene of a lengthy ministry of St. Paul; Mycenae, the center of civilization in very ancient Greece; Daphne, Eleusis and the Olympia airport for the trip to Cairo.

REAR END CRASH

Borough police were called at 3:30 o'clock Tuesday afternoon to an auto accident at the corner of Carlisle St. and Lincoln Ave.

Police said John H. Hartlaub, 61, Aspers R. 1, driving a pickup truck stopped for the traffic light on Carlisle St. Mary C. Reindollar, 19, Fairfield, also driving north, was unable to stop quickly enough on the wet highway and her car struck the rear of the truck. Damage was estimated at \$150 to Hartlaub's pickup and \$25 to the Reindollar car.

Many Casualties As Gun Battle In Oran Shatters Algiers Independence Fete

By ANDREW BOROWIEC

ALGIERS (AP)—A violent gun battle in the heart of Oran's European city today shattered Algeria's celebration of its first official independence holiday. More than 100 dead and wounded were reported in the first hour of the fighting, which swept the former stronghold of European Secret Army Organization terrorists. Two hours after the fighting started, gunfire still rattled over the city. French riot police cars set up positions near the battle area.

The gunfire panicked tens of thousands of Moslems in the midst of a delirious celebration. An official of the city's main hospital said all the casualties taken there were Moslems. But a number of Europeans also were killed or wounded.

BLAME TERRORISTS

A Moslem policeman said the firing came from holdout terrorists of the European secret army, whose leaders had bowed to Al-

GIVEN DELAY ON MALICIOUS PHONE CHARGE

A hearing on the charge of malicious use of a telephone brought by a New Oxford woman against Curvin J. Miller, York, was continued to September 14 this morning when Miller and various witnesses for the prosecution, Mrs. Stella A. Wyatt, of New Oxford, appeared before Justice of the Peace Robert P. Snyder at his office in the Plaza building.

Miller's counsel, Attorney Hugh D. Manifold, of York, said that his client had made the series of telephone calls alleged by Mrs. Wyatt over a nearly six-month period, which was not admitted, his client did not know he was doing anything illegal.

At the opening of the hearing Justice Snyder asked, as provided in the law for such cases, whether there was any desire to compromise the charges.

UP TO DEFENDANT

After some discussion between the District Attorney Daniel E. Teeter, with Miller and his attorney and then between the district attorney and the prosecutor and other members of her family it was decided that:

Miller would pay the \$19.30 costs up to the present; that Miller would be released on his own bail to appear for a hearing before the justice September 14 or on a 10-day prior notice by the district attorney; that if Miller does not phone the New Oxford family during the period up to September 14 the charges will be dropped. If he phones before that period he will be brought back for hearing here and the case will proceed. If he phones the family after the present charges are dropped new charges will be brought against him.

According to the charge brought against Miller he was abusive, threatening and profane in his telephone calls to the Wyatt home.

Burglars Enter VFW Home On 4th

Burglars broke into the Veterans of Foreign Wars home, E. Middle St., between 2:30 and 6:30 Wednesday morning but apparently were unable to find anything they wanted.

However there was no money in the cash boxes, the VFW having adopted some time ago a practice of removing all funds at the close of business each night after burglars some time ago had entered and removed the funds from the cash boxes.

It was not immediately known, pending a check of inventory, whether the burglars may have taken any whiskey or beer from the bar.

FOUR CHILDREN DIE IN FLAMES IN CATSKILLS

DOWNSVILLE, N.Y. (AP)—Four vacationing children perished Wednesday night in a fire that destroyed a farm home near this community in the Catskill foothills.

All were children of Mr. and Mrs. James P. Higgins of Philadelphia, Pa. They were James P. Jr., 7, Ann Marie, 6, Maureen, 4, and Mitchell Joseph, 7 months.

The parents suffered from shock but escaped without injury, along with their hosts, Mr. and Mrs. Gerald Rehse.

CHILDREN ASLEEP

The children were asleep on the second floor of the two-story, frame house, while some of the adults played cards downstairs. The fire was discovered at 10:15 p.m. by a motorman, Albert Bouw, who lived nearby. The adults tried to reach the children by ladder but were forced back by flames, Downsville Fire Chief Frank Race reported.

The chief said an overheated stove pipe apparently caused the fire. The adults were burning trash in the stove, he said.

During the fire, a hot-water heater exploded, zoomed through the roof and landed several hundred feet away.

The house was on Holiday Brook Road near Pepacton Reservoir and south of Downsville, Delaware County.

TRY NEW SHOT ABOVE ISLAND THIS EVENING

HONOLULU (AP)—The United States is set for its third try at exploding a nuclear device high above Johnston Island tonight.

The U.S. Weather Bureau in Honolulu said skies should be clear and visibility good over the tiny Pacific Island.

Two previous attempts at a high-altitude shot failed because of missile troubles. The nuclear warheads in both cases were destroyed without a nuclear detonation.

REPEATED DELAYS

Repeated delays and failures have caused speculation that the planned high-altitude series of three or four shots may have to be curtailed to two and possibly even a single shot.

The latest try—originally scheduled for the Fourth of July—was postponed until tonight because of apparent technical difficulties. There was no explanation for the delay.

The high-altitude blast is designed to knock out communications across the Pacific by punching a hole in the ionosphere—a band of space particles which reflect radio signals—amid Van Allen radiation belts.

YOUTH ADMITS SLAYING GIRL OVER KITTENS

EDISON, Pa. (AP)—Authorities said today that 13-year-old Charles Clarkson III lied three times in describing the death of Theresa Cahill before admitting he killed her with a pocket knife in a quarrel over some stray kittens.

The boy, held in the Bucks County Juvenile Home, is charged with murdering the 10-year-old girl, daughter of Mrs. Alma Cahill, widow of a Philadelphia policeman, who lives near the village of Hilltown. Theresa's body was found Tuesday in a woods near her home.

Edward G. Biester Jr., assistant district attorney, and state police Sgt. James Shovelin said the boy first insisted the girl was fatally injured in a fall from a trailer, then related that she was killed accidentally as she lunged against the open-bladed knife dangling from his belt on a string.

WEIRD ACCOUNTS

The third version, Biester and Shovelin said, was that he killed her in self-defense.

Biester termed all three accounts weird.

It was only after repeated questioning, the officers said, that the boy admitted stabbing Theresa 16 times and fracturing her skull.

Officials at the juvenile home say the boy gives no hint of being troubled. They report he sleeps soundly and eats well, having his meals with the others in the home.

Dist. Atty. Paul Beckert has said that he will decide whether to move for a jury trial after he digests psychiatric reports on the boy.

Accident Victim Was Asphyxiated

Funeral services were held Wednesday afternoon from the Little Funeral Home, Littlestown, for Mrs. Leona G. Bittle, 45, Spring Grove R. 2, who was fatally hurt Sunday night in a two-car accident on York St., Hanover.

Dr. Donald E. Withers, York County deputy coroner, said Mrs. Bittle's death was due to asphyxiation. It was originally believed her neck was broken but x-ray examination did not confirm that diagnosis. Dr. Withers said the x-ray showed a broken lower jaw. He said her death was from a respiratory obstruction resulting from a combination of factors. He said the woman, in an upside down position in the overturned car, apparently "swallowed her tongue" and this along with the flow of blood from the fractured jaw cut off the air supply.

Mrs. Bittle was trapped in a car driven by her husband, Merle R. Bittle, 52, when it was overturned after being hit by an auto operated by Larry Shadle, 24, New Oxford R. 1. Penn Twp. police have brought a charge of failing to yield one-half the highway against Shadle before Justice of the Peace Charles T. Luca-baugh, Parkville. KENNEDY TOPS ALL-STAR 4TH

PHILADELPHIA (AP)—It was an all-star Fourth of July at Independence Hall. President Kennedy and 42 of the nation's governors were there.

Not to mention about 100,000 people who jammed Independence Square in bright, sunny weather to listen to some traditional Fourth-of-July speech-making.

President Kennedy took the occasion to unveil his proposal for an international declaration of interdependence—a partnership with Western Europe—in a speech praised by the governors and by the press of the world.

Kennedy, first president since Woodrow Wilson in 1914 to speak here on Independence Day, paused at the Liberty Bell, ran his finger along the deep crack and stood silent a moment.

Wednesday night a sound and light spectacle that tells the story of the Liberty Bell had its premiere. About 900 persons watched the drama enacted before the facade of Independence Hall.

Actors' voices portray characters in the story, but none appear. Spectators are expected to imagine the actions by following the play of lights on the building.

NEW CRISIS LOOMS TODAY FOR BRAZIL

By TOM MASTERSON
BRASILIA, Brazil (AP)—Brazil was confronted with a new governmental crisis and the prospect of a general strike today after the resignation of Prime Minister Auro de Moura Andrade.

Army units and police were on the alert in Rio de Janeiro and other large centers.

Andrade quit Wednesday night after only 36 hours in office.

President Joao Goulart's office announced Andrade's resignation in a communique that said Andrade found it impossible to form a cabinet and bowed out. The president and his short-term prime minister were reportedly at odds on a choice of navy and air force ministers.

FEUDING OVER POWER
Goulart's left of center Brazilian Labor party and conservative forces, that include Andrade's social Democratic party, have been clashing since the crisis began to develop June 26.

Goulart and some elements in Congress also are feuding over how much power the legislative and executive branches should have.

Goulart had three days, under the constitution, to nominate a new prime minister for congressional approval. If he does not—or if the Chamber of Deputies rejects three successive nominees—the Senate can name its own choice.

"WORTH LIVING FOR"

Moments spent in love's embraces . . . free of any worldly care . . . are the times I'll always cherish . . . for they hold a comfort rare . . . seconds touched with robust laughter . . . are the precious ones to me . . . life is gay and hopes are higher . . . when the heart is filled with glee . . . tender times with my dear children . . . glow like brilliant stars on high . . . these will never lose their luster . . . but will linger till I die . . . hours of real relaxation . . . with the friends who are sincere . . . also loom as extra special . . . for they radiate good cheer . . . I will add to these the moments . . . when a task was hard to do . . . but with faith in God above me . . . I had strength to see it through . . . moments that we take for granted . . . priceless treasures we ignore . . . little portions of a lifetime . . . so well worth living for.

Algeria

(Continued From Page 1)

Khedda on the eve of independence.

The 45,000-man nationalist army in exile—the key to any power struggle—was moving into Algeria from Tunisia and Morocco. Ben Bella commands strong loyalties among those troops whom he welded into the fighting force the much larger French army could not defeat.

Ben Khedda's regime strove desperately to bring order and assert its control before Ben Bella's return. But governmental administration ground to a halt and authorities were virtually unable to control jubilant Moslems from staging riotous celebrations and grabbing European property.

BEN KHEDDA RULES

Governing power supposedly rests, until elections, with the French-installed Algerian Provisional Executive headed by Abdelrahmane Fares. But actual power lies with Ben Khedda.

Ben Khedda and Fares conferred Wednesday night and were reported planning to form a temporary regime to bring a measure of order out of the chaos. But Ben Khedda was having difficulty extending his authority outside Algiers.

Ben Bella showed no sign of reconciliation. While he opposes Ben Khedda's policy of cooperation with Algeria's Europeans and with France, he insisted his dispute with Ben Khedda stemmed solely from the firing of the three army commanders.

MYERS GROUP COVERS ROME

Dr. Jacob M. Myers, Seminary Ave., professor of Hebrew and Old Testament literature at the Lutheran Seminary, has a busy itinerary as director of his 31-day tour abroad.

Accompanied by Dr. and Mrs. Clarence Neal, Chambersburg; Prof. Robert W. May of Gettysburg College; Robert Hyson, a seminary student, and two North Carolina residents, Dr. Myers left New York on June 25 at 7:15 p.m. aboard a DC8 and landed in Rome at 1:45 p.m., Rome time. The group stayed at the Palazzo Ambasciatori, not far from the U.S. Embassy. Dr. Myers said it was a happy sight to see the Stars and Stripes waving overhead each day.

On June 26, the group visited Vatican City, including St. Peter's Cathedral, the Vatican Library, Sistine Chapel and the Quirinal Palace, the former home of the Italian kings. They saw the paintings of Michaelangelo including his great painting of the prophets, the Trevi Fountain, the house of Parliament and the Pantheon. On tap also were the Tiber, a view of Rome from the Janiculum Hill, the North American College and the memorial status of Giuseppe and Anita Garibaldi.

In the afternoon Dr. Myers and his companions visited two of the most famous sites in Rome, the Capitoline Hill, the center of old Rome, and the Palatine Hill, where Rome was founded. They also toured the Mamertine Prison where St. Paul was held, the memorial to Victor Emmanuel II, tomb of the Unknown Soldier and the famous Colosseum.

On June 27, the group journeyed to Naples to see relics of Pompeii and Herculaneum, cities destroyed by volcanic eruptions of Mt. Vesuvius. They also visited the Forum of Appius where St. Paul first set foot on Roman soil.

On June 28 the group left for Athens, Greece.

CONVENTION DRUMMER

TORONTO (AP)—George Miller, 71-year-old Zem Zem Shrine Temple drummer from Erie, Pa., gets a kick out of sending postcards from conventions. He sent 1,182 of them to friends during the 1961 Shriner convention in Miami, Fla. This year he inserted an ad in the Erie newspaper telling his friends not to feel hurt if they don't get a card—he was going to take it easy at this year's convention in Toronto and he is. So far he has sent only 400 cards.

Any questions?

As pharmacists, one of our jobs is answering questions. These may range from "Which tooth paste is best?" to "Is there a doctor close by?" To us, they're part of a day's work, and we try our best to answer. As businessmen and pharmacists, we know the products we sell. We know the physicians in our area and their specialties. Feel free to use us as "answer men" next time you're in . . . it's part of our service.

Changes In Hours For Sunday Services

On Sunday, the York Springs Lutheran Church School will begin at 9 a.m. instead of the usual 9:30 hour. The church service will begin at 10:15 instead of the usual 10:45 hour. This time change was made possible when the Church School voted last Sunday, to move the time of their opening one half hour earlier during the summer months of July and August. Both Church School and church will resume their regular hours of worship in September.

The newly-formed Intermediate Choir of the church will present an anthem, "Murmuring Waters" by H. H. Porter during the Sunday worship service. During the summer months the Intermediate Choir presents an anthem every other Sunday and serves as the officiating choir for the service on the fourth Sunday of the month. It is composed of approximately 16 young people of junior high school age and is under the direction of Mrs. Callie Bowers.

Sister Betty Amstutz, the secretary of Inner Missions of the Central Pennsylvania Synod of the United Lutheran Church in America, will speak on the work of a deaconess within the synod during the Sunday School period on Sunday, August 5. She will be sponsored by the Good Samaritan Class of the Church School.

TWENTY YEARS AGO

American Army bombers, striking at the enemy in probably the longest over-water bombing flight ever made, have dealt new destruction to tiny Wake Island, which the Japanese seized at a cost last Dec. 23. Announcement of the raid was made by headquarters of the Hawaiian Air Force after all the planes had returned safely. It was the second American attack on Wake since the Japanese overwhelmed its gallant Marine Corps garrison after a heroic 14-day defense.

County Couple Will Wed: At a party given Saturday evening at the home of Mr. and Mrs. Mervin Weikert, R. 2, the date for the marriage of their daughter, Miss Mary E. Weikert, Harrisburg, to John E. Beard was announced. Mr. Beard is the son of Mr. and Mrs. J. H. Beard, R. 2. The announcements were fastened to nosegays of roses, daisies and baby's-breath which were tied with pink and blue satin ribbon. The marriage will take place August 29. Miss Weikert is employed by the Farm Bureau Insurance Company, Harrisburg. Mr. Beard is employed by his father.

Counties Are Commended: The rationing boards of Adams County expect to receive about 9,000 applications for supplemental gasoline after the new gasoline registration early in July. Donald P. McPherson Jr., Esq., chairman of the county rationing board, told the Gettysburg Lions in an address Monday evening. Mr. McPherson praised the people of Adams County "for their patriotic and enthusiastic response to the demands of the rationing program."

Weds Emmitsburg Girl: Miss Helen E. McNair, daughter of Mr. and Mrs. Harry McNair, Emmitsburg, and James Upton Neely, son of Mr. and Mrs. George Neely, Fairfield, were united in marriage Monday evening at 9:30 o'clock at a ceremony performed at the home of the bride's parents. The Rev. Philip Bower, pastor of Elias Lutheran Church, Emmitsburg officiated. The couple was unattended. Following the ceremony a reception was held at the home of the bridegroom's parents. Mrs. Neely graduated from Emmitsburg high school with the class of 1937. The bridegroom graduated from Fairfield high school in 1931 and from Gettysburg High School in 1932. He is employed by the Western Maryland railroad company at Orrtanna. The couple has begun housekeeping in Orrtanna.

Famous Inn Destroyed: The historic Monterey Inn, said to be near the birthplace of the former Wallis Warfield Simpson, now the Duchess of Windsor, was destroyed by fire early today. The inn, a summer resort 18 miles southwest of Gettysburg, was used as a hospital during the Civil War and at one time served as headquarters for General Robert E. Lee. About 35 guests asleep in the inn were forced out of their beds by the flames shortly before 2 a.m. The fire, believed to have started in the kitchen, burned the rambling brick and stone structure and two smaller buildings to the ground.

Cable From Eisenhower: "I thank you for your cablegram which I deeply appreciate," cabled Major General D. D. Eisenhower, commander of the American forces in the European theatre, in reply to a cable sent him by the Gettysburg Chamber of Commerce. General Eisenhower, a major during the first World War and commanding officer of Camp Colt, on the Gettysburg Battlefield, was recently promoted to the important office in Europe with headquarters in London. The Chamber sent him the following cablegram on Monday "We are proud of your achievements. We know you will win."

Today's Talk

SIDE-STEPPING THE DIFFICULT THING

There aren't very many of us who are overly courageous. It is the rare person who is truly courageous.

We like to do the things that everybody is willing to do — especially if they have to. But how many of us are there who figure out the difficult thing first, face it, go through with it — and then pass on to the easier tasks?

The foundation for everything is always the most important. And if we school ourselves in the ways that gives us courage for tasks far beyond any we have ever attempted, then we are able to go ahead with little fear in our hearts.

Who doesn't admire the one who is not afraid to stake all or she has — "to gain, or lose it all?"

Everytime you sidestep the difficult thing you make it harder than ever to face the same task again. But every time you make an attempt to go through with the difficult thing you assure yourself that it is possible.

Your desires become accumulative.

As soon as you bury your heart in your work, no work is too difficult, even though every eye about you is one of discouragement.

Sometimes it may seem that the difficult thing is left to us alone, but, if it, that should be something to glory over rather than to be depressed by. It is a compliment to you to be told that you alone are the one to do the difficult thing.

You don't have to ask for volunteers to do the easy jobs.

EVOLUTION

This thing called evolution is a process very slow,
The robin heard in Eden is the robin that we know.
And the man we know as Adam — first on earth — the Scriptures say —
Perhaps was little different from the man we know today.

Throughout the countless ages men have lived and loved and dreamed,
But with all their gain in knowledge have but little better seemed.
As the first men warred with bludgeons so today the races fight
Many strongest rule the weakest without thought of wrong or right.

It's the same old Adam in us!
We've increased the means of power,
But what prompted ancient tyrants prompts the tyrant of the hour.
We've improved and we've invented and we've bettered countless things,
But we haven't changed the passions from which all that's evil springs.

"DARN SHAME," SAYS BAUER OF JIMENEZ

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP)—The failure of his fellow American Leaguers to vote him on the All-Star team has failed to dampen the bubbling spirits of Manny Jimenez, who is more concerned with maintaining his position at the top of the circuit's hit parade.

Not so Kansas City Manager Hank Bauer who feels the players have done an injustice to his roly poly right fielder who leads the Athletics in batting, hits, home runs and total bases and is second to Norm Siebern in runs-batted-in.

"It's a darn shame," said Bauer who didn't feel too well anyway after the New York Yankees had come from behind to beat the A's 7-3 after the Athletics had won the opener 11-1 Wednesday.

SEEMS UNDISTURBED

Jimenez finished behind Roger Maris and runner-up Lee Thomas of the Angels in the players' vote. Yankee Manager Ralph Houk, who will pilot the American League squad in the All-Star game at Washington, D.C., next Tuesday, will select his alternates Friday. He indicated he intends to follow the players' selection to the letter. That, in all probability, would leave no room for Jimenez.

Jimenez, 23, may have been hiding his true feelings but he didn't seem at all disturbed by the snub.

"NOT ANGRY"

"I am disappointed, of course," said the left-handed slugger from San Pedro de Macoris in the Dominican Republic, "but I am not angry at anybody."

"I think I have right to be on All-Stars," Jimenez continued in his best broken English, "and it would give me great pleasure but I can do nothing about it, yes?"
"It would be good thing for me to make All-Star team in my first year, no?"

Russians Sweep Regatta Events

PHILADELPHIA (AP) — Russian oarsmen scored a clean sweep in their races in the Independence Day Regatta on the Schuylkill River Wednesday.

The Russian eight-oar crew came from behind to finish 2 1/2 lengths ahead of four top-ranking American crews and one Canadian.

Vyacheslav Ivanov took the single sculls event by a length and a half. He then teamed with Yuri Tyukalov and won the double sculls over Dave Wilmerding and Bill Knecht of Philadelphia's Vesper Club.

Vesper's eight-oar crew finished second behind the Russians, beating out two top collegiate eights, Cornell and Washington.

BOB GARIBALDI SIGNS UP WITH SAN FRANCISCO

By DICK BARNES
Associated Press Sports Writer

SAN FRANCISCO (AP) — Bob Garibaldi, the new \$150,000 component of San Francisco's pennant-seeking machine hopes to begin working immediately with the Giants though he won't officially join them until July 15.

"I'll need a lot of help," said the right-handed pitcher, who agreed Wednesday to accept the highest bonus ever paid by the Giants.

Giants Manager Alvin Dark and pitching coach Larry Jansen are equally as eager to see their towering 6-foot-5 205-pound fireballer in action.

SPECIAL PERMISSION
"I've never seen him pitch," said Dark "I won't know how I'm going to use him until I see him. But he'll be doing some work for us."

The Giants expected to seek approval today from commissioner Ford Frick for Garibaldi, 20, to work out with the team before he legally goes on the roster.

His acceptance of the Giants' offer—not the highest he received—ended a month of spirited bidding by every major league club for the University of Santa Clara sophomore.

After winning the most valuable player award at the NCAA world series last month and leading Santa Clara to second place, he was acclaimed the best college prospect in the country.

Garibaldi said he chose the Giants because he wanted to join a power-hitting team and because they are based only 80 miles from his Stockton, Calif., home.

Major League Stars
BATTING — Lu Clinton, Red Sox, grounded out first time up in doubleheader, then stroked seven consecutive hits for two homers, two doubles and three singles as Boston lost opener to Minnesota 8-4 but came back to take nightcap 9-3.

PITCHING — Jim Perry, Indians, went all the way in 1-0, 10-inning victory over Detroit in first game of doubleheader, allowing only five hits and retiring the side in order six of the 10 innings. He also scored the game's only run.

Orrtanna

ORRTANNA — Miss Marie Wetzel returned recently to the home of her parents, Mr. and Mrs. Dale Wetzel, for her summer vacation from Broomall, Pa., where she resided while serving as librarian at the Newton Square School, near Philadelphia.

Miss Wetzel with her parents and sisters, Carol and Jane, spent the weekend at Woerternersville, Pa., as guests of Mr. and Mrs. Herbert Wetzel.

TROON COURSE SOARS SCORES

TROON, Scotland (AP) — Jack Nicklaus, United States Open Champion, today predicted that the holes of the back nine of the Troon links could send scores soaring in the British Open Golf Championship starting Monday.

Nicklaus, of Columbus, Ohio, has had two days of practice over the 7,045-yard links on the edge of the Firth of Clyde. He admits that the incoming nine still has him baffled.

"I've yet to break 40 on the home nine," he said.

"If the wind starts blowing, as it has a habit of doing in these parts, then there could be some high scores on the last nine."

Nicklaus, Arnold Palmer, U.S. Masters Champion, Sam Snead, winner of the British Open in 1946 and one of the game's greatest players, Gene Littler, 1961 U.S. Open Champion, and Phil Rodgers head the 29-strong American challenge—the strongest U.S. entry for years.

A total of 23,154 spectators were on hand in Fenway Park, Boston, last Oct. 1 to watch Roger Maris of the New York Yankees hit his 61st home run of the season.

Dodgers Pass July 4 Marker With NL Lead; Take Pair From Phils; Giants Win Two

By MIKE RATHET
Associated Press Sports Writer

The Los Angeles Dodgers have passed the July 4 milestone with a half-game edge over San Francisco's Giants and added baseball tradition to their line-up in their struggle for National League supremacy.

Tradition jumped on Los Angeles' bandwagon after Wednesday's game as the Dodgers swept their seventh consecutive doubleheader by beating Philadelphia 16-1 and 7-3. The twin triumphs kept the Dodgers a half-length ahead of the Giants, who whipped the New York Mets 11-4 and 10-3.

That, according to baseball's July 4 rule of measure gives the Dodgers a commanding edge over the runner-up Giants. In the 61 seasons since the turn of the century, 39 NL teams leading after the holiday games have won the pennant—an average of 64 per cent.

BASEBALL CAPITAL
The Dodgers' sweep turned Los Angeles into the baseball capital for a day at least—as the 2-year-old Angels moved into first place in the American League by defeating Washington 4-2 and 4-1. In the AL, 41 of 61 July 4 leaders—or 67 per cent—have won the pennant.

Pittsburgh remained in third place in the NL, taking Houston 7-0 and 4-3. Fourth-place St. Louis stopped Milwaukee 2-0 after losing the completion of Tuesday night's suspended game, 7-5. Cincinnati's defending champs, in fifth place, defeated the Chicago Cubs 8-6.

Frank Howard's single and bases-loaded double drove in five runs in support of Sandy Koufax' five-hit pitching as the Dodgers pounded Chris Short (4-5) and his successors for 18 hits in the first game. Koufax (12-4) didn't allow a hit until Ted Savage homered in the seventh inning.

HOMERS HELP GIANTS
Howard drove in two runs in the nightcap. Tommy Davis had a two-run homer and run-scoring single. Joe Mauer (6-5) got credit for the Dodgers' sixth consecutive victory. Dennis Bennett (2-4) was the loser.

Home runs got the job done for the Giants in both halves of their doubleheader with the Mets. Willie McCovey smashed a pair in the opener. Ed Bailey and Jim Davidsonport also connected as Bob Bolin (3-0) won it with a seven-hitter. Bob Miller (0-7) was the loser.

4TH FOR LAW
Willie Mays hit two homers in the second game to give Billy O'Dell (10-6) enough working room to last the distance although tagged for 10 hits. Billy Hunter (1-4) took the loss.

Vern Law (7-3) continued his comeback for the Pirates in the opener to post his fourth consecutive triumph. Bob Bruce (6-2) was the loser.

The Chicago Bears took three hours and three minutes to defeat the Baltimore Colts 21-20 on Oct. 29, the longest game of the 1961 National Football League season.

An 11-hit offensive also worked for the Pirates in the nightcap. Elroy Face, working in relief of Earl Francis (5-5) ran into trouble in the ninth when the Colts pushed across two runs, but got Merritt Ranew on a grounder to end it. Jim Golden (5-7) was the loser.

Ed Mathews clinched the verdict for the Braves in the suspended game by breaking the 5-5 tie with a two-run ninth inning homer. The Cards took the regulation contest as Ernie Broglio (4-3) checked the Braves on three singles to beat Warren Spahn (7-10).

Leo Cardenas' brilliant play on Billy Williams' grounder after the Cubs had scored four runs in the eighth preserved the Reds' triumph for Jim Maloney (3-3). Dick Ellsworth (4-13) lost it.

New Oxford Little League
The All-Star team made of players from the Turks, Engineers and Clubbers scored 12 runs in the top of the sixth inning to defeat an All-Star team from the Colonials, Tankers and Oilers 12-1 Wednesday afternoon on the little league diamond.

Dan Seig had allowed only three scattered hits up to the final frame when the Turks-Engineers-Clubbers team pounded out 11 safeties. Four players paced the winners with a pair of hits each.

The Colonials-Tankers-Oilers team scored a run in the bottom of the third. Seig, Stock and W. Lawrence collected the three hits given up by Summers who registered the win. Summers sailed through the game striking out 14 batters and giving up but three walks.

The Engineers defeated the Oilers 11-6 in Tuesday evening's regularly scheduled game.

ABL CAGE TEAM COULD SWITCH TO BALTIMORE

PITTSBURGH (AP) — Lenny Litman, owner of the Pittsburgh Rens in the American Basketball League, said Wednesday night an existing ABL team may be moved to Baltimore for the coming season.

Litman declined to say what franchise may be switched to Baltimore. He said he had spent the past two days in Baltimore as a member of the ABL's expansion committee studying the financial responsibility of the promoters, whom he identified as Hyman Tattlebaum and Mike Fox.

WOULD RECOMMEND
Litman said he will recommend to ABL Commissioner Abe Saperstein that Baltimore "be permitted to take on an existing franchise if the owner can come to terms with the Baltimore people."

Asked if Pittsburgh were the team, he replied: "I have had some tempting offers from many cities that want me to move the Rens to their city, but frankly there's only one city I want to live in and that's Pittsburgh."

The Baltimore Morning Sun reported today that transfer of the franchise to Baltimore's new \$13 million civic center will be completed soon if playing dates can be arranged.

MULLIGAN WILL FACE LAVER IN TENNIS FINALS
WIMBLEDON, England (AP) — Martin Mulligan, tennis star who left Australia for a year to improve his game, is the strangest turn-up in this Aussie-dominated Wimbledon Tournament.

Mulligan, 21, is in today's men's singles final against Rod Laver, the defending champion. And he reckons it's all because he got away from Australia and came to England to practice his shots.

The results were made clear to an enthusiastic 14,000 crowd on Wimbledon's center court Wednesday. They watched Mulligan, unseeded, overpower John Fraser of Australia 6-3, 6-2, 6-2 in the semifinals.

LAVER WINS
Laver defeated the elder Fraser brother, former Wimbledon champion Neale Fraser 10-8, 6-1, 7-5 in the other semifinal.

Maria Bueno of Brazil faced Mrs. Vera Sukova of Czechoslovakia in the women's semifinals in another stage of her bid to recapture her crown.

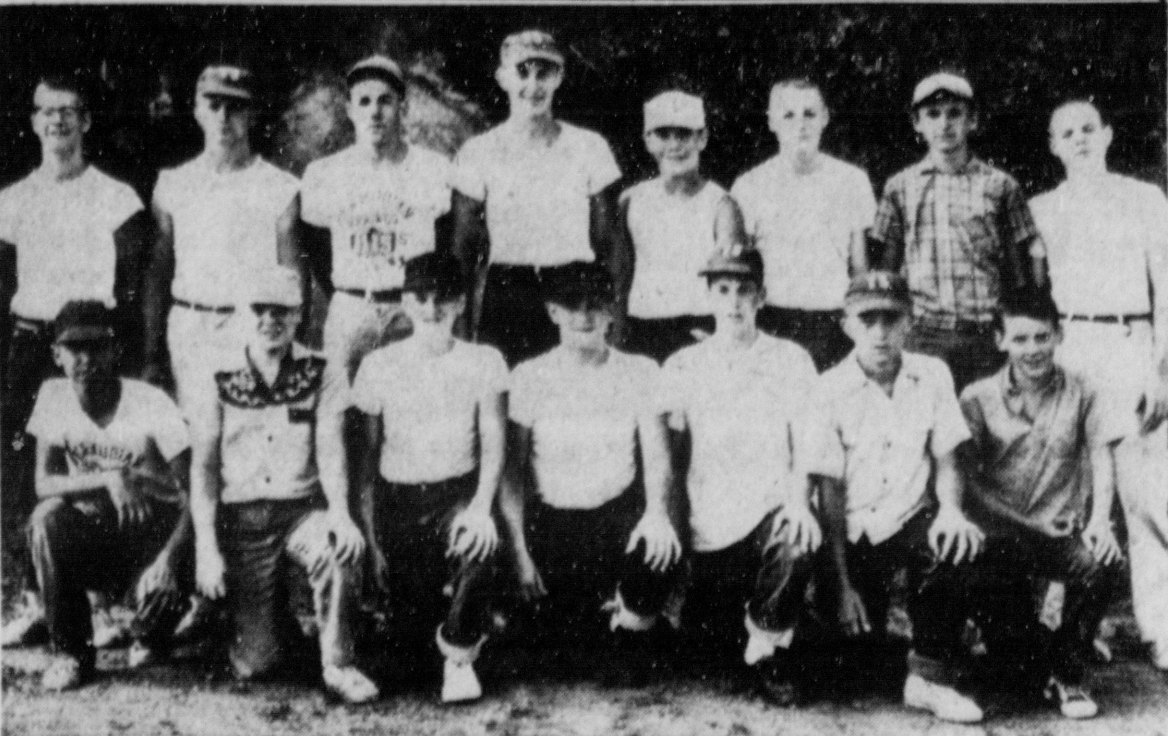

In the other semifinal Mrs. Karen Hantze Susman of Chula Vista, Calif., was matched against Ann Haydon of Britain—the girl who beat her in the Wightman Cup last month. The women's final is Saturday.

One of the best races in the league in several years is developing and it became even tighter on Wednesday.

Gettysburg's fast-stepping outfit chalked up its fifth consecutive victory when it defeated New Oxford 6-3 here to pull the losers down into a tie for first place with Fairfield 13-3 victors over Mummasburg.

Bob Decker, local first baseman, connected for a long home run in the sixth following Earl Little's walk, to break a 2-2 deadlock.

A pair of walks and double by Bob Hinds gave Gettysburg two runs in the second inning. New Oxford tallied twice in the fifth and once in the ninth, all runs being unearned.

Littlestown and Arendtsville kept right at the heels of the league leaders. Littlestown took a 6-2 decision at Brushtown while Arendtsville won by the same score at Harney.

A three-run homer by Jim Clabaugh in the first inning sparked Bonneville to a 5-1 triumph over McSherrystown at Bonneville. He also singled home another run in the seventh.

"Bunk" Sneeringer limited McSherrystown to five hits while fanning 11 batsmen. McSherrystown's run in the fifth was the result of an error.

Taneytown blanked Cashtown 4-0 on the latter's field.

KILLS BARMAID OUT OF PITY

BALTIMORE (AP) — Willard Lee Allen, 28, of Stevens, Pa., has told police he killed a barmaid because he felt sorry for her.

Police charged him with murder Wednesday in the death of Mrs. Ethel E. Johnson, 31, a waitress at the Florida Bar and the mother of two children.

Her body was found in the trunk of a car in Philadelphia Monday after Allen walked into a police station here and told police what he had done.

The cause of her death has not yet been determined. Authorities in Philadelphia said the results of an autopsy were inconclusive and that a toxicology study would be required.

Police said she appeared to have been strangled or chloroformed to death Sunday in Baltimore.

Allen worked at a foundry in Reamstown, Pa., and is the divorced father of six children.

Big Little Baseball Loop
The Eagles captured their second win of the campaign Tuesday evening by edging the Kiwanis team 6-4.

In the second inning the Kiwanis took the lead with three runs. Tom Hefflin, Bill James and Charles Raffensperger singled which produced two runs. After Raffensperger stole second base, Dick Fox and John Heiser walked. John Waybright was hit by a pitched ball forcing in Raffensperger with the third run.

Two runs in the fifth iced the game for the Eagles. Jim Redding opened with a single to left. Dan King followed with a triple to right scoring Redding and then King scored on Gary Guise's sacrifice fly to right.

Gettysburg Little League

The Glenn L. Bream team snapped back into the win column Tuesday evening when they defeated the Lions 11-5 in a well-played contest.

The Breammen tallied twice in the first frame on walks to Tony Strickland and King Cole and Rod Bowers' first of two doubles. The winners went on to score two more in the second, one in the third, three in the fourth and clinched the contest with three more in the sixth.

The Lions scored two runs in the bottom of the fourth on a walk to Willie Musselman, a single by Jim Culp and a costly Bream infield error.

Rod Bowers paced the winners with three hits for four at bats and accounted for five runs batted in. Tom Strickland allowed five scattered safeties as he registered the win over John Meinhardt.

JAPAN ASKED TO INVEST IN PLANTS HERE

By ALAN CLINE
TOKYO (AP) — The Kennedy administration has invited Japan to invest in building factories in the United States.

The invitation was announced by the Japanese foreign ministry and confirmed by a spokesman for the U.S. Embassy.

Wichita, Kan., Wilmington, N.C., Maine, New Jersey and areas on the West Coast were mentioned as regions where industrialization might be expanded with Japanese funds.

HELP BALANCE
Such a development would help correct a U.S. adverse balance of payments situation, sources said. Japanese exports to the United States last year totaled nearly \$15 billion. Imports from the United States total \$12 billion.

Japanese industry has been working on a theory that it must produce abroad to hold its overseas markets. Plants have been established in Southeast Asia, Latin America and on a limited scale in Europe. But there had been no talk here about moving into the United States.

The invitation was reported in today's Nihon Keizai, a respected financial daily, which said the invitation was received from the U.S. Department of Commerce through the U.S. Embassy in Tokyo.

CONFIRM OFFER
A U.S. Embassy spokesman confirmed the offer but pointed out that the areas involved were not depressed regions but "areas of potential for further industrialization."

The spokesman said the offer was an extension abroad of programs by the various states to encourage investors from within the nation, resulting from the setting up of an Office of International Investment within the U.S. Department of Commerce.

Kansas and North Carolina were mentioned, he explained "because it so happened that we happened to have investment literature on these states on hand. But there are other areas too, such as Maine, New Jersey and areas on the West Coast."

Japanese business sources said the plan was still in an embryonic stage with many barriers involved, such as immigration laws relating to sending Japanese personnel to the United States, differences in management practices, and the gap between American and Japanese wage levels.

It was not known whether specific industries were mentioned in the American proposal.

The only sizable Japanese manufacturing venture to date in the United States is the Alaska Pulp Co., a government-backed firm that operates a mill at Sitka, Alaska.

How to Barbecue CHICKENS
The Tastiest, Juiciest Way!

Barbecue chicken! Mm-m-m—Delicious! And here's how to cook the tastiest, juiciest barbecued chicken you ever ate. Start your fire 20 minutes ahead of time so you will have a hot bed of glowing charcoal (no flames, please). Brush chicken parts with barbecue sauce and season with salt and pepper. Lay on grill and cook slowly, turning now and then for even cooking and for adding more sauce. Avoid piercing the flesh of the chicken as you turn it—you'll lose flavorful juices that way. Grill for 30 to 75 minutes depending upon the thickness of the meat.

Ike Defends New All-GOP Conference Against Attack

By WALTER R. MEARS
WASHINGTON (AP) — Former President Dwight D. Eisenhower says two new-born Republican policy groups will help the party build an organization to do justice to its principles.

Eisenhower defended the All Republican Conference and the National Republicans Citizens Committee Wednesday against the attack of Sen. Barry Goldwater, R-Ariz., who had labeled them as forces of confusion and distrust.

In forming the two groups, Eisenhower said, Republicans made "the most progressive steps our party has taken in many years."

FORMED SATURDAY
The All Republican Conference was formed last Saturday by Republicans meeting at Eisenhower's farm in Gettysburg, Pa. Organization of the citizens committee was announced in New York later the same day.

Eisenhower's defense of the two organizations came in a letter to Republican National Chairman William E. Miller. Miller is an active sponsor of the conference. The GOP chairman, in advancing the idea for the group, said Republicans should form an organization of leading party members, in and out of office, to coordinate efforts to win control of the House and trim the Democratic majority in the Senate.

Eisenhower said "on matters of basic principle and ideals the Republican party is truly the nation's majority party."

"TRUEST POSSIBLE"
"But unfortunately for America and the Republican party, while we Republicans have devoted our attention to principles and programs the opposition has focused its energies, working relentlessly and shrewdly on the arithmetic of winning elections through political organizations."

He said the new organizations "will fill an urgent need by greatly broadening the base of organizational participation — all of it aimed at winning elections."

The conference, Eisenhower said, "will bring together under one roof the truest possible group action of our national leaders."

GOLDWATER NOT MENTIONED
He said the citizens committee "which will devote much attention to organizational activities in the big cities and metropolitan areas could well be the secret of Republican success in 1964 if indeed not in this year."

Eisenhower did not mention Goldwater by name, but his letter clearly was a reply to the senator's criticism aimed directly at the conference, by implication at the citizens group and in part at the policies of the Eisenhower ad-

YORK POLICE
JAIL PLAYERS
FOR MISCHIEF

YORK, Pa. (AP)—Three baseball players from Elmira, N.Y., accused of celebrating the Fourth of July with destructive exuberance, wound up in the York jail today.

Sports experts said the trio constituted the backbone of the Pioneers, Elmira's entry in the Eastern League. The team split a holiday doubleheader Wednesday with York, losing the first game in 11 innings 2-1, and shutting out York 2-0 in the nightcap.

The players were identified by York police as Andrew A. Etchebarre, 19, of LaPuente, Calif.; catcher; Ray L. Youngdahl, 23, of Chicago, and Lloyd J. Fourours Jr., 21, Elmira, both outfielders.

MALICIOUS MISCHIEF
Police said the ball players were taken into custody at 3:45 a.m., while engaged in damaging street signs and overturning trash cans into the street.

The three athletes were charged with malicious mischief at arraignment before Alderman William M. Nickey. In lieu of bail of \$500 each, they were committed to jail.

Nickey set a hearing for the week of July 23, when Elmira returns to York for another series. Earl Weaver, manager of Elmira, said the case appeared to call for some disciplinary action, "probably in the form of severe monetary penalties."

Police said three patrolmen responded to a call reporting a disturbance near the heart of the city. The ball players were taken into custody at the scene and carted off to jail.

Officers estimated the damage to signs and other city property at about \$300.

Elmira is presently in fourth place in the Eastern League. York is second, 11½ games behind league-leading Williamsport, Pa.

Fort Lee Soldier
Drowns In Surf

VIRGINIA BEACH, Va. (AP)—A soldier stationed at Ft. Lee drowned here Wednesday less than an hour after he had been warned to stay out of the water because of high winds and rough seas.

Police said the soldier was warned by the beach patrol about 1 p.m. against swimming in the rough water. Two Army companions said they tried unsuccessfully to reach him when he was caught by the undertow. His body washed ashore about an hour later.

The soldier was identified as Pfc. Nick F. Bowmaster, 18, Walnut St., Howard, Pa.

Horace Rawlins, a 19-year-old assistant pro at Newport, R. I., Golf Club, won the first U.S. Open golf title in 1895. He's still the youngest golfer ever to win the tournament.

Phillips, Pamela Smith gave a report on her experiences at day camp. A log cabin fire was built and camp suey was made over it. The next meeting will be held at the home of Cheryl Snyder.

KENNEDY GETS SOME BACKING ON PROPOSALS

By JACK BELL
PHILADELPHIA (AP) — President Kennedy collected some bipartisan support among the nation's governors today for his Independence Day appeal for U.S. partnership with a united Europe.

Forty-two of the nation's governors were in the audience Wednesday at Independence Hall. They had driven from Hershey, Pa., to hear the President as the climax of their 54th annual conference.

In introducing the President, Gov. Wesley Powell of New Hampshire, the conservative Republican chairman of the governors

conference, sounded a bipartisan note.

SHARP CONTRAST

By contrast, the governors had spent their last day at Hershey rapping steadily at Kennedy administration proposals that ranged from cuts in the National Guard to relief for the needy. On civil rights, the governors were unable to agree on a stand.

The immediate reaction of the governors was favorable on Kennedy's European partnership proposal.

At their last business session in Hershey on the eve of the Fourth of July, the governors:

CIVIL RIGHTS BLOCKED

Called on Congress to pass an amendment to the Constitution to permit prayers in public schools.

Took no action on civil rights after Gov. Ernest F. Hollings staged a successful filibuster.

Voted unanimously to support a

National Guard without any cuts.

Endorsed a proposal that each state be allowed to keep five per cent of its share of the federal income tax, to be used to finance expansion of education in the state.

Chose Florida as the site of their 1963 conference. The selection of the city will be up to Florida officials.

magazine article to answer the writings that he goofed off on "Mutiny on the Bounty." It will mark the first time he has replied to criticism. He doesn't care what is written about his personal life, but he is concerned about reflections on his professionalism.

Brando's adherents point out that his behavior on "The Ugly American" has been spotless. Except for two of three days when he was absent with a virus, he has shown up for filming every day, even after the weekend when he chopped his foot with an ax.

EDIE ADAMS

No more Marilyn Monroe imitations for Edie Adams—and not because of MM's current troubles. Edie has worried that she will become too identified with the devastating satire (which Marilyn really enjoys watching).

"When I did my last television special, I did the Marilyn impression against my better judgment," she says. "I figured that would be the end of it. Then the Television Academy asked if it could use a short clip from the show on the Emmy telecast. Imagine my chagrin when they picked out the Marilyn bit! That will be the last time."

Preview time: "Birdman of Alcatraz" is a fascinating study of the double murderer turned bird expert, Robert Stroud. Director John Frankenheimer again impresses as a bright new talent by the way he balances prison violence with the gentleness in handling the birds.

BURT LANCASTER

Burt Lancaster is ideal casting as the prisoner, who spent over 40 years in solitary. He successfully conveys Stroud's compassion for the birds and his defiance of bridling by any human being. It is unfortunate that the producers saw fit to paste on a standard prison-break ending to what was

WASHINGTON (AP) — Four-year-old Caroline Kennedy is going abroad next month.

otherwise a new and different view of the resilience of the human spirit.

"Lolita" is now playing in the theaters, as you may have read. It seemed to this viewer a modern horror play built of satire and sex imagery. It is sometimes amusing, often repellent. The best features are Peter Sellers and Sue Lyon, who is destined for a long career, during which she may live down having been Lolita.

Big Grants By Ford Foundation

NEW YORK (AP) — Grants totaling \$8,527,000 have been announced by the Ford Foundation to aid educational television.

The New York metropolitan area's first educational television station, WNDT, on Channel 13, received \$2,994,000 to assist it in beginning operations Sept. 16.

The National Educational Television and Radio Center was given \$4.7 million for programming services and other activities to assist the nation's non-commercial television stations.

A grant of \$838,000 was awarded to start a nationally televised college course in economics.

NEA Continues Barrage Against Teacher Unions

By G. K. HODENFIELD
AP Education Writer
DENVER, Colo. (AP)—Public school teachers were advised Wednesday "you can't go out on an illegal strike one day and expect to go back to your classroom and teach good citizenship the next."

Arthur F. Corey, executive secretary of the California Teachers Association said, "The strike as a weapon for teachers is inappropriate, unprofessional, illegal, outmoded and ineffective."

Corey's remarks at the 100th annual convention of the National Education Association continued an NEA barrage against teacher unions.

NEED NOT BE SILENT

In an interview elaborating on a speech to be given later today, Corey said teachers cannot be expected to remain forever silent in the face of intolerable working conditions.

If professional negotiations with the school boards fail, he said, teachers should work through their professional organizations to apply sanctions against the school district involved.

When sanctions are applied, Corey said, "We advise the public through newspapers, radio and television that, in the opinion of the California Teachers Association, conditions in the district are not conducive to professional work by teachers."

P.O. POWERFUL

"We refuse the district the use of our teacher placement service, and we notify every teacher placement office in the United States of our stand."

"This brings the full force of

public opinion to bear on the district. Public opinion carries a lot of weight where the schools are concerned."

Sanctions are never applied until all other means have failed, Corey said.

"But let me emphasize—this is not a strike," Corey said. "The teachers do not walk out on the youngsters. We leave open every avenue for correcting the bad conditions."

LAST CONVICT LEAVES TOWER AFTER 7 DAYS

PITTSBURGH (AP)—The last of 13 convicts climbed down from a water tower on Tuesday at the Western State Penitentiary, ending a week-long demonstration against alleged prison brutality.

Prison officials said Charles Miller, 32, serving a life term for murder, climbed down from the tower unassisted at 5:55 a.m.

He was immediately taken to the prison hospital. Miller's condition was not known.

Thirsty and hungry from his nearly seven-day ordeal on the tower, Miller made the descent as a steady rain fell over the prison.

It had not rained since June 25 when the leader of the rebels, Robert Payne, 29, climbed the tower to a catwalk some 100 feet from the ground. Twelve other convicts joined Payne on the tower

the following day.

GETS NO HELP

Prison officials made no attempt to get the men down from the tower at any time. They figured thirst and hunger eventually would force them down.

Payne, serving time for a parole

violation on an armed robbery conviction, said he climbed the tower to call attention to the "brutal" treatment of prisoners in Western State's home block, an isolated cell block used for punitive action.

He said guards shot gas at pris-

oners in the block for talking and other minor infractions of prison rules.

BEGIN DESCENT

Two convicts ended their demonstrations Wednesday, the day after they climbed up the tower. Another came down Thursday.

Six quit Saturday, four of them at one time. That was the biggest single departure from the tower. Another came down Sunday and two more, including Payne, gave in Monday.

Several were taken to the hospital for examination. Some suffered

ill effects from the ordeal, but none was in serious condition.

Warden James Maroney said all along he would be willing to listen to the convicts' complaints, but only after they came down.

BOTH PARTIES NEED HARMONY WITHIN RANKS

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—President Kennedy had hardly finished complaining about Democratic disunity when the Republicans ran out of harmony, too.

They talk otherwise but neither party looks overly confident about the November elections. Neither has any particular reason for pride in its record in Congress this year.

The Democrats, as a party, look worse than the Republicans if only because they have such big majorities in Congress they could have put through a substantial legislative program if they stuck together.

DISMAL RECORD

They didn't. The record so far is dismal.

Kennedy admitted at his news conference last week it has been a rather sad-sack record for the Democrats in Congress because a number of them have been voting with the Republicans for years.

In a much happier mood former President Dwight D. Eisenhower had 150 Republican leaders to his Gettysburg farm over the weekend and pleaded for party unity.

This get-together received a lot of publicity. But it is questionable if it will achieve the unity Eisenhower seems to have in mind. In one case, that of Sen. Barry Goldwater of Arizona, it accomplished the opposite.

Goldwater, who has made a career of being a conservative Republican, issued a kind of personal declaration of independence Monday a couple of days ahead of the Fourth of July.

It was at Eisenhower's Republican rally that William E. Miller, the party's national chairman, unveiled his plans for what is called the All-Republican Conference.

CONFERENCE AIM

This organization is supposed to bring together, periodically, Republican leaders from Congress, state and local governments and private life to consider public issues.

What this could accomplish isn't clear at all because it couldn't hope to set party policy if only because not all Republicans see eye-to-eye, as Goldwater quickly demonstrated.

In a letter to Miller Monday he turned his back on the idea of such a conference group by saying leaders of the group are "the same people who caused most of our party trouble."

ANGRY BLAST

He added: "It is unthinkable that they should be given another opportunity to lead us down the path to political destruction."

That wasn't all.

Between presidential elections Republican leaders in Congress—like Everett Dirksen of Illinois in the Senate and Charles Halleck of Indiana in the House—seem to regard themselves as the party's leading lights.

EV AND CHARLEY

Their weekly Ev and Charley television appearance would indicate this although their routine before the cameras is hardly the kind that kindles political fires.

At Gettysburg, neither Dirksen nor Halleck endorsed Miller's idea for an All-Republican Conference where Republicans, who are not in Congress, might try to tell them what to do.

NEITHER UNIFIED

Dirksen said that while he favors party unity "different people have different ways to arrive at unity."

Roll-Top Civic Arena Used On 4th

PITTSBURGH (AP)—The first performance under the stars was given Wednesday night in Pittsburgh's roll-top Civic Arena.

The round, retractable roof—largest in the world—rolled back as a capacity audience of 6,600 waited for the show sponsored by the Civic Light Opera.

Sitting in the audience, you could see a slice of the moon, the stars and the tops of the Gulf and Koppers Buildings.

The roof was not opened for the first and second performances of the Carol Burnett show Monday and Tuesday nights because of bad weather.

GIRL, 10, AND HER MOTHER REUNITED

ARNOLD Pa. (AP)—A 10-year-old girl is back with her real mother today because of a newspaper photograph and hard work by police.

Jeeda Ricketts first popped into the news on May 30 when police reported finding her bound and gagged on a sofa at her home in the Westmoreland County town. Police quoted her as saying she had been left there by her parents.

COUPLE LOCATED

A few hours later, police said, they found Jeeda's stepfather, Jack Liddle, and his wife at a hotel in the area. The couple was jailed on charges of neglect, assault and abandonment. Jeeda, at that time, was believed to be Mrs. Liddle's child by a previous marriage, police said.

The following day, as Jeeda was being led away to a foster home, photographer Charles Carroll of the New Kensington Daily Dispatch snapped her picture. She was smiling and clutching a bag of potato chips and a magazine.

MOTHER IN TEXAS

The photo was transmitted all over the United States on the Associated Press wirephoto network.

Several days later, Police Chief Herman Ricchuto of Arnold received a letter from a woman who had seen the photo in a newspaper and thought Jeeda may be her long-lost child.

Ricchuto said he and Detective Joseph Bordanoro of Westmoreland County investigated. The investigation, Ricchuto said, showed the woman was not the mother but out of the investigation came information that led to the discovery of Jeeda's real mother in Texas.

Mrs. Liddle, Ricchuto said, then admitted that she was not Jeeda's real mother and that she had been given Jeeda as an infant in Texas. The real mother was reunited with Jeeda on Tuesday, but Ricchuto declined to reveal her name or address.

The case against the Liddles

The evidence of disunity in both parties has somewhat the same effect as telling a grown man there isn't any Santa Claus because it demonstrates what is apparent to anyone not living in a political dream world.

The Democrats and Republicans, despite the party platforms they manufacture for election purposes every four years, are not solid, single and separate parties voting straight party lines except on rare occasions.

Since both are made up of liberals, reactionaries and a broad band of conservatives, the idea that either party represents a single view is one of the hard-dying American myths.

also reached a climax Tuesday. They pleaded guilty to the assault charges. Mrs. Liddle drew an 11 to 23-month workhouse term and her husband 6 to 23 months.

WAYNESBURG, Pa. (AP)—Funeral services will be held tomorrow for Challen W. Waychoff, 85, a judge in Greene County from 1936 through 1946. Waychoff died Tuesday at his Waynesburg home.

MAN MANGLES ARM, RESTORED BY SURGEONS

LOS ANGELES (AP)—"I told them to save my arm if they

could," said the 61-year-old laborer. "I helped the doctors with a little prayer."

And save it they did, say the surgeons at Orthopedic Hospital. Dr. J. Vernon Luck, medical director, described the circumstances at a news conference Monday.

Robert Orona, of suburban Pico Rivera, was at work last Aug. 24 when a road-tamper crushed and

tore off his left arm. He was taken to the hospital an hour later.

Dr. Luck found two of the three main nerves intact in a two-inch strip of flesh from which Orona's arm was dangling. A long section of the third nerve was missing along with bone and muscle.

While Dr. Luck told of the two-hour operation, Orona wiggled five

fingers at the end of an L-shaped arm that observers compared to a coarsely shaped hamburger with a tissue-thin glaze of skin. Dr. Luck said: "Surgery has advanced to a point where it is proper to try to save extremities we once would have amputated. We joined the severed bone with a rod, then sewed the arteries together and took skin grafts from the man's thigh."

PLANE WRECKED
PITTSBURGH (AP)—A twin-engine private plane wrecked at Allegheny County Airport Tuesday. Five passengers and two crewmen walked away unhurt. The plane, owned by an Omaha, Neb., paper company, ran off the runway after its landing gear collapsed.

CAPT. BLIGH SAILS AGAIN
Marlon Brando And Twenty Million
Dollars Cannot Destroy Perfect Trilogy

By J. M. DAN HILL, Ph.D.
 President, Wisconsin State
 College, Superior

AT LAST AMERICA has returned to pre-TV normalcy. Movie star scandals and the astronomical costs of forthcoming spectacles are again keeping the nation agog.

The scandal extravaganza of Liz Taylor playing Cleopatra has led many to the conclusion it would have been better casting to have billed Cleopatra as Liz Taylor.

But just as boredom from L'Affaire Liz was causing the potential customers to reach again for their TV guides, Marlon Brando began getting headlines. MGM says he is the most expensive, movie star in history.

MGM HAD budgeted about 10 million to produce another "Mutiny on the Bounty." Building a new "Bounty," delays in delivery from the Nova Scotia shipyard threw the shooting into the South Pacific wet season. There went a few million or more.

With cameras ready to grind, it developed they were also shooting the Mutiny of Marlon Brando as well as that of H.M.S. "Bounty." The estimated cost is now about 20 million.

Brando sulked on the job. He could not make up his mind as to the theme of the role he proposed

to immortalize. MGM hired him for that of Lt. Fletcher Christian, the part played so handsomely by Clark Gable in the 1935 script.

But Brando perhaps recalled that version enabled Charles Laughton, as Captain Bligh, to steal much of the show from the mutineers. Anyway, script trouble with reference to plot emphasis and "message" have been more expensive, if less publicized, than the emotional temperature producing enamours of Liz Taylor.

AT ONE TIME, Brando is said to have wanted to ditch the Fletcher Christian role to embrace that of Alexander Smith, the sole survivor of the mutineers, now known to history, as John Adams. That was the name he wore when the American whaling ship "Topaze," in 1808, found Smith on Pitcairn Island in the role of patriarch to the native widows and English speaking children, of the other lost mutineers. This was 18 years after Captain Bligh's "Bounty" had vanished into the blue, unexplored wastes of the vast Pacific.

Such a role for Brando would put the emphasis of the plot and theme on the desertion and murders among the mutineers on Pitcairn after they had cheated the galleys through disappearance.

BUT IF THE producers were to

shift the plot to one of insular decay, with Brando as the surviving patriarch, what need would MGM have for the slightly oversize, but otherwise identical sailing ship, complete with diesel engines, air conditioning, state rooms for stars and electric refrigeration and cables for sound, lights, and cameras?

Hence, Brando continues as Fletcher Christian. It will result in his being among the first killed after the mutineers, their women and native men friends colonized tiny, but fertile Pitcairn Island.

Of course, they could change the script and let him escape to England and continue to cheat the galleys, which some students of the "Bounty" mutiny believe to have actually happened.

THE BOUNTY STORY is one of the few historical events that has more color, drama, automatic climaxes, and plot than the most romantic minded novelist might have concocted.

Actually, it is a trilogy of three novels. Though many had written of it historically, it took the genius of Charles Nordhoff and James Norman Hall to detect within its fabric not one, but three completely contained, powerful stories of the same men under varying circumstances.

The tiny warship "Bounty" commanded by Acting Captain William Bligh, Royal Navy, sailed in 1787 to the unexplored South Seas to transplant the fabled breadfruit plant to the English colonies in the West Indies. While collecting plants at Tahiti, his second in command, Lt. Fletcher Christian, and 15 of the crew,

including a gardener, fell desperately in love with beautiful, native women.

Bligh, who was to die a vice admiral in 1814, was no better nor worse than other commanders they had served under. It was a case of the love-struck mutineers knowing what they wanted above all else.

Homeward bound, Lieutenant Christian's party of 16 mutineers seized the ship. They put Bligh, a botanist, and most of the officers and petty officers, to a total of 20, in the "Bounty's" largest boat with the full expectation they were to perish. The remaining midshipmen and petty officers, to a total of seven, were retained aboard as prisoners so long as they made no trouble.

The first Nordhoff and Hall novel, "Mutiny on the Bounty," dramatized the voyage, Tahiti, the romantic naturalness of the islanders, the mutiny, and the emotions it brought to the prisoners and their ultimate fate. Bligh is the villain.

In the second novel, "Men Against the Sea," Bligh is the hero. His iron discipline and dauntless will triumphed over the sea in a four thousand mile, open boat saga. The search for the mutineers was on.

"Pitcairn Island," is more Nordhoff and Hall than history. There is no history except the conflicting stories Alexander Smith, alias John Adams, told after 1808. In all versions he, at all times, was the hero.

But read the book in advance. It is a story not even Hollywood, with Brando and \$20, can ruin.

A Lovelier You

By MARY SUE MILLER
SHOWERS RELIEVE HEAT.

When you're short on time, a quick shower goes a long way to beat the discomforts of heat. But

you must use neither hot nor icy water. The fastest and most lasting relief comes from alternating warm and cool temperatures.

Begin by luxuriating under a warm spray. Then bring your soap and body brush into play. After a vigorous cleansing, very gradually turn the water to cool and stand under it for a full minute. The effect is like a splash beneath a sylvan waterfall. With the addition of a few pam-

per accessories, the enjoyment of every shower can be increased. For example, there's a shower organizer designed to stop the grope for soap and brushes. It is a clear plastic gadget with enough pockets to hold all your equipment and it hangs from the shower curtain rod.

To end the threat of damp and muss to your tresses, the familiar bubble-shaped cap is now made with a wide, umbrella brim. Thus both your hair and eyes are sheltered from the spray.

If you wish to make a "princess of the Nile" affair of showering, don't overlook shower oils and water-softeners. The oils come in aerosols or on saturated pads. The water-softeners, small pellets, are dispensed through a special spray head that is easily attached to any standard outlet.

Just put the advice together and you get a quick cooling and a beauty treatment, too!

TRIMMERS AND SLIMMERS

It contains a set of coordinated spot reducing exercises—easy to do, quick to get results. Just write Mary Sue Miller, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a stamped, self-addressed envelope and five cent in coin to cover handling.

OWNERSHIP OF BIG CACHE OF CASH SOUGHT

JERSEY CITY, N.J. (AP)—Investigators concentrated today on convicted gambler Joseph (Newsboy) Moriarty in attempts to solve a \$2.4 million question—who left the cache of cash in an abandoned automobile?

The Jersey City police chief, Austin J. Conley, said it all points to Moriarty, 32, now serving a 2-to-3 year term in the state prison at Trenton.

Conley said government bonds found with the currency were registered in the name of Moriarty and Moriarty's brother, Alfred, who died five years ago.

DEADMAN RESPONSE

Lawrence A. Whipple, Hudson County prosecutor, and three aides spent 15 minutes with Moriarty Wednesday at the prison and told him of the find.

"You've just lost \$2½ million," Whipple said he told the prisoner. "He listened deadpan," Whipple related, "then he said, 'You're telling me this, Mr. Prosecutor.' He would neither admit nor deny ownership of anything that was found. He said he would get a lawyer. He said he would consider making a statement afterward."

FOUND TUESDAY

The fortune at issue, ranging in denominations from \$1,000 bills down to \$5, was found Tuesday by two unidentified carpenters in the trunk of a 1947 Plymouth housed in a garage.

R. W. Bachman, special agent in charge of the Newark office of the FBI, said Moriarty was arrested in a 1947 Plymouth in 1951.

Girl's Murderer Balks At Probe

TOMS RIVER, N.J. (AP)—Investigators seeking to question Leroy A. Harrison again concerning the murder of Phyllis Ann Jones say they have been stymied by the man's written refusal to respond.

Calvin Woolley, acting chief of Ocean County detectives, said Tuesday that Harrison answers questions by handing the questioner a slip of paper on which is typed:

"I refuse to answer any questions and stand on my constitutional rights."

Police say Harrison, 41, of Trenton, had confessed to the June 9 slaying of Miss Jones, a 24-year-old student-actress. He has been accused of luring the young woman, who lived in West Norriton Township, Pa., from the beach at Barnegat Light, slaying her and dumping her in an abandoned gravel pit.

ASHLAND, Pa. (AP)—Mrs. Rose Rabinskie, 65, was killed Tuesday when she fell down a flight of stairs at a home in nearby Homestead, where she had been visiting.

Also found in the car were four guns—45 and 32-caliber revolvers, a 32-caliber Belgian automatic and 22-caliber rifle—and considerable ammunition. Equipment of the type used by bookmakers and numbers operators was discovered in a 1951 Ford stored in an opposite garage.

"We don't know yet who the money belongs to—ownership is a legal question for the U.S. attorney's office," Bachman said. "This is the largest amount of money I have ever come in contact with in all my experience with the FBI."

TRY TO SOLVE BIG MYSTERY IN NEW YORK

WASHINGTON (AP)—The United States and the Dominican Republic are working together to try to solve a bizarre six-year-old mystery that erupted into charges of international kidnapping and assassination.

The center of the cloak and dagger intrigue is Dr. Jesus de Galindez, who stepped through a New York subway into oblivion on a March night in 1956 after writing a book to expose the brutalities of Gen. Rafael Trujillo's iron-fisted dictatorship in the Dominican Republic.

Foes of Trujillo contended the general had reached into the heart of Manhattan to eliminate an enemy.

MANY STORIES

There were stories that the professor, who was teaching international law at Columbia University, was drugged and flown to the Caribbean country by an American pilot who also disappeared.

Trujillo heatedly denied the charges and there were hearings and investigations. But no light was shed on De Galindez' disappearance, nor was he ever reported seen alive again.

When Trujillo was alive U.S. investigators probing the case got no cooperation from Dominican Republic authorities.

Trujillo was assassinated in May 1961 and the new government is anxious to solve the De Galindez case, a State Department source said Wednesday night.

For several months, he said,

Foreign Students Guests Here

Thirty-seven foreign exchange students were entertained Tuesday and Wednesday by a joint committee composed of members of the local chapter of the American Field Service and the local Exchange Club. Arriving in Gettysburg at 1 a.m. Wednesday, they were met by the host parents of the town and later in the day were conducted on a tour of the Wax Museum and the Cyclorama and Visitor Center. At noon members of the Exchange Club played host to the group at a chicken dinner served by the auxiliary of the Fire Company at the Recreation Field. Twenty-two foreign countries were represented in the group.

Members of the local committee included Miss Louise Ramer, Mr. and Mrs. Charles Smith, Mrs. W. R. Schubart, Carroll B. Smith and John J. Slentz. The picture was taken by a Times photographer at the Recreation Park.

U.S. and Dominican Republic investigators have been checking through long-locked files and questioning members of Trujillo's intelligence police now held in prison.

Linked to the professor's disappearance was an American freelance pilot, Gerald Murphy.

"Birdcage Walk" is a well known street in London.

The pennant-winning Cincinnati Reds won 10 doubleheaders during the 1961 season, more than any other National League club. The Reds split seven and lost only two.

SAYS HISTORY'S WISDOM MAY BE SUICIDAL

PHILADELPHIA (AP)—A former director general of the World Health Organization said today that to try to use the wisdom of the past in the atomic age might prove suicidal.

"The signals have been switched," said Dr. Brock Chisholm, a psychiatrist from Victoria, Canada.

"We will no longer be rewarded by feelings of security for increasing our ability to kill. The more we develop that ability, the more we are insecure and frightened."

DISSEMINATE PAST

Dr. Chisholm told delegates to the International Conference on Health and Education in his prepared speech that "health authorities might well concern themselves about the very widespread mental and social ill health which produces persistent efforts to use obsolete behavior patterns which have become very dangerous, even suicidal."

The mature way of dealing with new situations and threats," he said, "is not to seek answers from our ancestors, but to try to understand, with the help of all the techniques now available, all the factors which make up the new situation... but without concern for ancestral attitudes or the accident of birth or early environment."

7 ARE KILLED IN ACCIDENTS

By THE ASSOCIATED PRESS
Accidents took seven lives in Pennsylvania over the Fourth of July holiday.

Two traffic accidents killed two people each.

Jay O'Donel, 26, and Leroy Hockenberry, both of Doylestown, were killed early on the Fourth when their car rolled over in Franklin County.

HIT PARKED CARS

In Pittsburgh, Robert Smiley, 23, and Gary Griffin, 22, were killed when their car, being chased by police for reckless driving, crashed into four parked automobiles. Chauncey O. Bruce, 29, of Grove City, was fatally injured when his car went out of control and crashed in Mercer County; and Mrs. Murray Liebman, 31, of Philadelphia was killed in a two-car collision in Eddystone, Delaware County.

Despite the sunny, warm weather, there was only one drowning reported, Harry Smith, 15, of Philadelphia, drowned in the Schuylkill River, where he had gone swimming.

18-YR. LIMIT IS FAVORED

HERSHEY, Pa. (AP)—The governors of the United States have gone on record as favoring a minimum drinking age of 21.

In a resolution adopted Tuesday at their annual conference, the governors backed the stand of states that have complained that young motorists drive over the New York State line to take advantage of the 18-year minimum age there for drinking alcoholic beverages, and become involved in auto accidents on their return.

The resolution was introduced by Gov. John Dempsey of Connecticut and was strongly supported by Govs. Richard J. Hughes of New Jersey and David L. Lawrence of Pennsylvania, all Democrats and all of states bordering on New York.

Gov. Nelson A. Rockefeller, R-N.Y., abstained from voting on the resolution.

Six members of the 1961 University of Arizona baseball team have signed professional contracts.

Huge Derailment Blocks NYC Tracks

ALTAMONT, N. Y. (AP)—New York Central Railroad officials expected to reopen today the two tracks of a main freight line that were blocked by a derailment Wednesday or 19 gondola cars loaded with coal.

Tons of coal were spilled along the tracks at nearby Unionville between Amsterdam and the Central's freight terminal at Selkirk.

No injuries were reported. The derailment did not interfere with passenger trains, the railroad said.

The cause of the wreck had not been determined, a Central spokesman said. The 46th to 64th cars of the 112-car train left the tracks.

Sons Of Vets Win Again

The Gettysburg camp of the Sons of Union Veterans of the Civil War, a perennial winner in the battle anniversary parades, carried off another first prize of \$75 for the best float in the historical division of Wednesday's parade. Hand to hand combat in the Battle of Gettysburg was the scene presented on the float. (Times Photo)

Delaware Crash Kills 2 Persons

CAMDEN, Del. (AP)—Two persons were killed in the collision of a car and truck at the intersection of U.S. 13 and Rt. 10 early today.

Delaware state police identified the victims as Lindsey S. Ownes, 29, of the Dover Air Force Base, and Betty Ann Brooks, 28, of Wyoming, Del.

Police said the couple were in a

car which collided with a truck driven by Ira S. Hawks, 50, of Columbia, Pa.

The car was driven by Ownes, who ran through three red blinking lights and a stop sign before the collision, police said.

14 ARE SAVED IN BOAT CRASH ON WEDNESDAY

BEMUS POINT, N.Y. (AP)—Fourteen persons, most of them children, were rescued from the waters of Lake Chautauqua Wednesday night after two motorboats collided near this western New York village.

Six were injured, none seriously. A Chautauqua County sheriff's deputy said all occupants of the boats made use of life preservers or buoyant cushions after they were thrown into the water by the impact of the crash. One boat sank.

INJURED LIST

Other boatmen in the area came to their aid.

The injured included Dr. Howard T. Lewis Jr., 42, of Pittsburgh; his son, Thomas, 11, and Nevin Shogry, 41, of Pittsburgh, all of whom were in one boat.

IN FAIR CONDITION

Thomas Lewis was reported in fair condition at the W. C. A. Hospital in Jamestown. Tommy Pebridge was reported in good condition at the same hospital, and his mother was in fair condition at Jamestown General Hospital. The other injured were treated and released.

Those in the Lewis boat who escaped injury were Dr. Lewis' daughter, Candy, 13, and Shogry's three children, Janice, 15; Karen, 12, and Robert, 6.

From the Pebridge boat, which sank, were Dr. Lewis' son, Steven, 9, and Timmy, 3, Pebridge's children, and Elizabeth Hedburg, 10, of Jamestown, escaped unharmed. Dr. Lewis has a summer home here, the deputy said.

4 DIE IN CRASH

BAYONNE, N. J. (AP)—Thomas Koren, 26, of Potomac, Pa., a truck driver, was one of four persons killed in the flaming crash of a tractor-trailer truck and an automobile on the New Jersey Turnpike Tuesday.

The other victims were a mother and her two children from Bayonne.

PARIS (AP)—Police said six member of the Secret Army Organization, dressed in French paratrooper uniforms, halted motorists Wednesday night on the St. Cloud-Paris highway, and seized drivers' licenses. The group told drivers their car ownership papers and licenses would be returned by mail.
